

## HALL B

**8:00 to 9:00 am: AWARD PAPER SESSION 2 (spasticity, muscle transfer & medical management) (6+2 min) (parallel award paper session)**

**Chairpersons Judges: NS1, NS2, PL1, PL2**

- 1) **8:00 to 8:08 am:** Seventh Cervical Nerve (C7) transection for Spastic Arm Paralysis following cerebral injury (**Tanishq Agarwal**)
- 2) **8:08 to 8:16 am:** Navigating a multimodal approach in birth brachial plexus injury: integrating surgical reconstruction and botulinum toxin therapy- our institutional experience (**Shivam Beniwal**)
- 3) **8:16 to 8:24 am:** Medial gastrocnemius transfer for foot drop, along with associated partial tibial nerve palsy: A novel approach (**Preet Hathi**)
- 4) **8:24 to 8:32 am:** Tendon Transfer Surgery For High Radial Nerve Palsy (**Asmita Sharma**)
- 5) **8:32 to 8:40 am:** Graciloplasty for anal incontinence (**Siddhi Jalan**)
- 6) **8:40 to 8:48 am:** Tacrolimus on Nerve Regeneration (**Manvendra Arya**)
- 7) **8:48 to 8:56 am:** PEG assisted neurotization for traumatic brachial plexus injury: early sensory and motor outcomes in a prospective cohort (**Aparna Sharma**)
- 8) **8:56 to 9:04 am:** Tendon Transfer After Failed Common Peroneal Nerve Repair (**Aalok Deshmukh**)

**10:00 to 10:30 am: AWARD POSTER SESSION (3+2 min) (during BREAKFAST time):**

**Chairpersons (Judges): PL1, Alok Upper**

- 1) Surgical outcome of brachial plexus tumors: A single centre experience (**Abhishek**)
- 2) MPNST of the Brachial plexus region- How we tamed this deadly predator! (**Preet Hathi**)

**12:05 to 1:35 pm: FREE PAPER SESSION 5: Misc. (parallel session) (8+2 min)**

**Chairpersons: NS1, NS2, PL1, PL2**

- 1) **12:05 to 12:15 pm:** Management of Neonatal brachial plexus injury (**Chandan Mohanty**)
- 2) **12:15 to 12:25 pm:** Our experience with 100 cases utilising intercostal nerves as donors in brachial plexus injuries: outcomes and technical considerations (**Anubhav Gupta**)
- 3) **12:25 to 12:35 pm:** Supercharged transfer for ulnar nerve: current perspective (**Tahir Ansari**)

- 4) 12:35 to 12:45 pm: “Two-Level Motor Reanimation in Global BPI: Concurrent Upper Trapezius Transfer and Distal SAN→MCN Nerve Transfer” **(Priyadarshi Dikshit)**
- 5) 12:45 to 11:55 pm: Brachialis to AIN nerve transfer **(Raj Kumar Manas)**
- 6) 12:55 to 1:05 pm: High-frequency USG diagnosis of Radial nerve palsy and management **(Sunil Gaba)**
- 7) 1:05 to 1:15 pm: Management of Radial nerve injury associated with humerus fracture **(Krishnan Srinivasan)**
- 8) 1:15 to 1:25 pm: T1 hand management **(Vimalendu Brajesh)**
- 9) 1:25 to 1:35 pm: Strategies to prevent Superficial radial sensory nerve release in Radial forearm flap harvest **(Selva SeethaRaman)**

**1:35 to 2:00 pm: VALEDATORY FUNCTION, PRIZE DISTRIBUTION (best paper A- 1-2, best paper B- 1-2, best poster 1-2) & HANDOVER TO NEW EC**

**2pm: Lunch & Dispersal**
